## Summary

I have 2 years of work experience most of which has been UI Development with focus using **React**, **React Native** and **Next JS**. My other interests are Game Development using Godot Game Engine. I also make time to learn Full Stack Development using **MERN** Stack.

Passionate about usability and possessing working knowledge of **Canva** , balsamic on understanding of requirements, I can come up with suggestions for User Experience and can build Wireframes based on the discussions.
